

This is a guide for Land Use Applications in the City of Ramsey.

Easement Vacation Basics

An easement is a grant by a property owner to use a portion of land by the public or any person for any specific purpose(s) of construction and maintaining utilities, drainage ways, or roadways. Under Section 12.6 of the City Charter, as outlined below, there is a procedure for applying to vacate a public utility, drainage, roadway, access, or other form of easement.

Application Fee and Escrow

Application Fee per project (non-refundable): \$500
Minimum Escrow: \$1,000*

* Required escrows are minimum escrows. Escrows are collected with a Land Use Application to pay for the review of the application by the Planning Division and costs associated with the application, such as public hearing notice mailings. A project may have multiple requests, and the escrow related to each request must be paid when applying. The remaining surplus shall be refunded to the Applicant after all remaining obligations are completed and accepted by the City. The Applicant shall be responsible for all costs incurred by the City above the minimum escrow. More information can be obtained by contacting the Planning Division at 763-433-9821.
