Address Notice

- The City of Ramsey requires that a temporary address sign be placed on all new construction projects. The address should face the street, with numbers at least six inches high and in contrasting colors.
- Building officials will use the sign to locate the property and conduct inspections. If the building official cannot locate the property because no address is posted, they may skip your inspection, requiring you to reschedule it for a later date.
- The sign is also a valuable tool for emergency responders should an incident occur on your job site.

We thank you for your cooperation!
