Home Occupation Permit Basics

A Home Occupation Permit is required in order to operate most types of businesses on a residential property. Home Occupation Permits shall be temporary and granted to a designated person who resides in the dwelling unit on the subject property. The permit shall run with the Applicant, not the property. Permits are non-transferrable from person to person or from address to address unless the transfer is in accordance with Chapter 106, Section 236 (C) of the City Code. A complete list of allowed and prohibited uses for home-based businesses, as defined in Chapter 106, Section 425 (B) of the City Code, can be found below.

Application Fee and Escrow

Application Fee per project (non-refundable): \$500
Minimum Escrow: \$1,000*

* Required escrows are minimum escrows. Escrows are collected with a Land Use Application to pay for the review of the application by the Planning Division and costs associated with the application, such as public hearing notice mailings. A project may have multiple requests, and the escrow related to each request must be paid when applying. The remaining surplus shall be refunded to the Applicant after all remaining obligations are completed and accepted by the City. The Applicant shall be responsible for all costs incurred by the City above the minimum escrow. More information can be obtained by contacting the Planning Division at 763-433-9821.

5. The Planning Commission will hold a public hearing on your request. Refer to the Land Use Application Calendar at www.cityoframsey.com/467 for exact meeting dates. The Planning Commission will then recommend to the City Council whether to approve or deny the request.
