

Lake Lansing Watershed
Special Assessment District Advisory Committee
Scheduled Harvester Notice
September 16, 2026

Planned Harvesting: Progressive Companies have engaged PLM to harvest Lake Lansing starting September 16, 2026.

PLM is the company that has been doing the chemical treatments for many years and has been doing the harvesting work for a few years.

PLM as a company is very familiar with Lake Lansing and primarily will be working from the drive on Shaw Street.

The lake has been surveyed three times now, and there is a significant but normal amount of Pond Weed, Elodea, and Starry Stonewort. The harvester will mainly deal with these plants.

We expect that the harvesting will be done in a few days starting on the 16th.

We will continue to monitor and advise as necessary.

Please see attached map for expected harvesting areas.

This notice and alert through Next Door has been processed for the Lake Lansing Special Assessment District Advisory Committee. This notice as well as future and past notices can be found on the Meridian Township website. <http://www.meridian.mi.us/government/boards-and-commissions/lake-lansing-advisory-committee>

Thank you,

Lake Lansing Special Assessment District
Advisory Committee
