The Riverside County Assessment Network (RCAN) Meetings are designed to:

- Provide a forum to discuss what is happening in educational assessment - what's new, what's going on, what works, and what does not work.
- Offer timely updates on legislative, budget, and accountability at the state and federal level.
- Share and explore promising practices that can inform instruction and assessment, accelerate student learning, close achievement gaps, increase high school graduation rates, and improve college and career readiness.

Additional benefits of RCAN participation include receiving RCAN LISTSERV email updates, access to online RCAN materials and resources, and one-on-one customized assessment, accountability, and data support.
