

Leadership Hub

**CENTER FOR
ADMINISTRATOR
PREPARATION**
cultivating K-12 education leaders

Transform Your District by Partnering With the Riverside County Office of Education (RCOE) School of Education!

Elevate your district by establishing a Leadership Hub with the support of the Center for Administrator Preparation. This unique opportunity allows districts to cultivate and expand their own leadership pipeline.

How It Works:

- ▶ **District Leadership Hub:** Brand the RCOE School of Education, Center for Administrator Preparation PASC and/or CASC Program(s) as your district's Leadership Hub, tailored to reflect your district's values, vision, and goals.
- ▶ **Collaborative Learning:** To ensure your district's leaders receive personalized and effective guidance and instruction, you can either elect to empower them with courses and coaching provided by your staff, or you can be provided with experienced administrators from the Center for Administrator Preparation.

Program Benefits:

- ▶ **Leadership Development:** Equip your administrators with the skills and knowledge to lead effectively, aligning professional development with your district's strategic objectives.
- ▶ **Networking and Collaboration:** Facilitate connections among job-alike peers to foster innovative solutions and shared learning, enhancing overall district effectiveness.
- ▶ **Customized Learning:** Provide targeted, research-based training that addresses the unique needs of your district's leadership team.

Transform your district into a hub of leadership excellence by partnering with us!
