# CITY CONNECT

Get timely water alerts for your home or business with Daupler—free and quick to register at **torcnm.gov/daupler** or by calling **(575) 894-7331**.

## Stay Updated on Infrastructure Projects at torcnm.gov/alerts

Over the next few years, the City will be undertaking a range of water, wastewater, and streets infrastructure projects designed to improve reliability, safety, and overall quality of life for our community. Residents are encouraged to stay informed by signing up for Daupler to receive water and wastewater notifications by phone, text, and/or email, and by visiting **torcnm.gov/alerts** for up-to-date road closures and service interruption notices affecting areas across the city.

## Watering Schedule in Effect

The City's Restricted Watering Schedule, enforced by Code Enforcement, is in effect from the beginning of April through the end of September. No watering is allowed on Mondays, and watering is prohibited every day from 10 a.m. to 6 p.m. Outside of those hours, even-numbered addresses may water on Tuesdays, Thursdays, and Saturdays, while odd-numbered addresses may water on Wednesdays, Fridays, and Sundays.

## Tree of Life Project at Public Library

Continuing through April, the City is partnering with The Olive Tree Organization to host a Tree of Life project at the City's Public Library. The community is invited to add a leaf with a positive message, affirmation, or tribute, creating a shared space for healing, remembrance, and hope. Stop by the Library to participate. For more information, call (575) 894-3027.

## Smithco Construction Selected for Major Water Project

Smithco Construction, Inc. was awarded the Water System Performance Improvements 1 (WSPI-1) Project in the amount of $4,984,960.64 to continue replacing and improving waterlines and valves throughout the city, with funding approved through a USDA loan and grant. Learn more at torcnm.gov/blueprint.

## Foch Street Project Update: Week of April 13

Crews will continue work on the Foch Street project this week, beginning April 13, with staking and forming of curb and gutter progressing north along the street. Concrete is scheduled to be poured on Tuesday and Wednesday, extending curb and gutter construction as far north as PurLife. In addition, a utility pole near the Chamber of Commerce building will be relocated. Thank you for your continued patience and support.
