Building Safer, More Accessible Streets: The TAP Grant

Want to know how Truth or Consequences is building safer, more accessible streets? The City is taking a major step forward with a federally funded Transportation Alternatives Program (TAP) grant through the New Mexico Department of Transportation. This project will add ADA-compliant sidewalks along Smith Street, improve routes near schools, and create a more walkable community for everyone. It's an investment in safety, health, and connectivity that benefits residents and local businesses. Read the full story on our website at https://torcnm.gov/news_detail_T12_R114.php (news section on the homepage) and check out the article in the November 19 edition of the *Sierra County Sentinel*.

Public Library Receives $15,000 State Grant to Enhance Services

Great news for our community! The Truth or Consequences Public Library has received a $15,000 state grant to strengthen local services, expand collections, and support programs that bring people together. Last year's funding helped provide large-print and audio books, summer reading supplies, and more, making a real difference for residents of all ages. See how this year's grant will continue to enrich our library and community life. Read the full story here: torcnm.gov/news_detail_T12_R112.php

Central Purchasing Authority in Place

Congratulations to Carlos Miyagishima! Carlos has successfully completed his Certified Procurement Officer training and will now assume full CPO responsibilities for the City of Truth or Consequences. Chief Financial Officer Jocelyn Holguin will continue to provide guidance and oversight as Carlos ensures all purchasing policies comply with New Mexico law, which requires one central purchasing authority. We're excited to see Carlos step into this important role and look forward to his bright future with the City.

City Addresses Ongoing Water System Challenges and Solutions

The City is working hard to address ongoing water leaks and infrastructure issues. Crews repair 5–8 leaks each week, but new leaks continue to appear, mostly on older service lines. City leadership is exploring solutions, including partnerships and equipment upgrades, to stay ahead of the problem. Read the full update on the City News section of our main page to learn what's being done and how we're planning for the future.

Mayor Proclaims November 29, 2025 as Small Business Saturday

This annual event, launched in 2010, encourages residents to shop local and support the small businesses that strengthen our economy and community. Join us in celebrating and supporting our small businesses as we kick off the holiday season!
