The Planning Board, at its meeting on July 20, 2026, reviewed the proposal to pave the existing gravel parking lot and to construct a beach volleyball court at the Tom Diana Park within the Granite Knolls Sports and Recreation Complex. The Planning Board respectfully requests that the future trail improvements and their associated mitigation measures be included in this proposal, ensuring that the required mitigation measures resulting from wetland buffer disturbance are part of the record. The Planning Board has no other planning objections to the issuance of this permit.

Respectfully submitted,

Ian P. Richey
Assistant Planner
