-Town Board referral dated 10/14/2026 with associated documents.	Town Clerk

The Advisory Board on Architecture and Community Appearance reviewed the above referenced subject during their meeting held on Tuesday, October 20, 2026. No representative was present.

The Board opened the review of a Town Board referral received from the Town Clerk regarding the stormwater management / wetland permit application for 3000 Navajo Street. Since no one was present for discussion, the Board agreed not to make any formal comments at this time without having knowledge of the property and the proposed turf field.

Additionally, the Board feels that engineering, drainage, and technical stormwater review fall outside the scope and architectural purview of the Advisory Board for Architecture and Community Appearance.

Respectfully submitted for the ABACA,

Christopher Taormina
